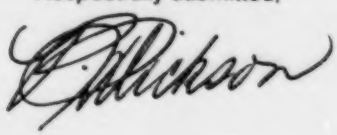
Letter of Transmittal

The Honourable Jim Melenchuk
Minister in Charge,
Teachers' Superannuation Commission
Regina, Saskatchewan

Sir:

The Teachers' Superannuation Commission has the honour to submit the annual report outlining activities under *The Teachers Superannuation and Disability Benefits Act* for the year ending June 30, 2000; *The Teachers' Life Insurance (Government Contributory) Act* for the period ending August 31, 2000; and, *The Teachers' Dental Plan Act* for the period ending December 31, 2000.

Respectfully submitted,



P. J. Dickson (Mrs.)
Chairperson

 (This Page Left Blank Intentionally)

Teachers' Superannuation Commission

Mission Statement

The Commission strives to deliver teacher benefits to the highest professional standard, combining accurate and up-to-date information with personalized client service.

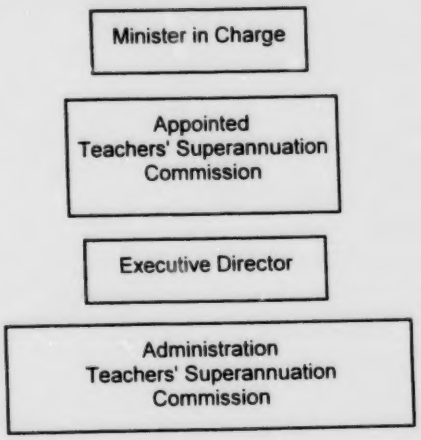
Objectives

The Teachers' Superannuation Commission, which consists of seven members appointed by the Lieutenant Governor in Council, is responsible to the Minister of Education for the administration of *The Teachers Superannuation and Disability Benefits Act, The Teachers' Life Insurance (Government Contributory) Act, The Teachers' Dental Plan Act* and the Regulations to these Acts.

The primary responsibility of the Commission is to provide retirement and other benefits to teachers. The duties associated with this responsibility are:

- to provide information and advice to plan members;
- to collect pension contributions from all participating teachers;
- to provide retirement benefits to teachers and dependants of deceased teachers;
- to monitor the investment of the pension funds;
- to provide disability benefits to eligible teachers who are unable to continue teaching due to illness;
- to administer reciprocal transfer agreements with other jurisdictions;
- to keep appropriate financial records of the affairs of the Plan;
- to administer the Voluntary Contributions Fund;
- to administer the Teachers' Group Life Insurance Plan; and,
- to administer the Teachers' Dental Plan.

Organization



The Saskatchewan Teachers' Superannuation Commissioners acknowledge and appreciate the cooperation and assistance of the staff of the Teachers' Superannuation Commission, the Saskatchewan Teachers' Federation, the school boards and regional colleges, and the administrative staff within government. The efforts of these individuals has resulted in another successful year for the Commission.

Commission Members

In accordance with Section 4 of *The Teachers Superannuation and Disability Benefits Act*, the Teachers' Superannuation Commission consists of three members nominated by the executive committee of the Saskatchewan Teachers' Federation, three members nominated by the Minister of Education and a chairperson nominated by these six members. All appointments are made by the Lieutenant Governor in Council for a term of five years.

Appointed Commission members include:

Chairperson:
P. J. Dickson (Mrs.)

Nominated by the Minister of Education:
Mae Boa, Executive Director
Finance and Operations
Saskatchewan Education

J. Michael Littlewood, Executive Director
Legislation and School Administration
Saskatchewan Education

Brian Smith, Executive Director
Public Employees Benefits Agency
Saskatchewan Finance

Nominated by the Saskatchewan Teachers' Federation:
Susan Bates, Executive Assistant
Saskatchewan Teachers' Federation

Tony Linner, Executive Assistant
Saskatchewan Teachers' Federation

Lyle Vinish, Assistant General Secretary
Saskatchewan Teachers' Federation

Administration

Administration for the Teachers' Superannuation Commission is comprised of 15 members involved in processing pensions, disability benefits, payroll; tracking pension contributions and investments; and providing counselling and various administrative functions for members of the Plan. In addition, the staff are responsible for the Disability Benefits Plan, Teachers' Group Life Insurance Plan and the Teachers' Dental Plan.

The Teachers' Superannuation Commission prepares estimates for annual retirement planning sessions facilitated by the Saskatchewan Teachers' Federation. In this way, staff of the Teachers' Superannuation Commission and the Saskatchewan Teachers' Federation work together to ensure the teachers of Saskatchewan are well represented and informed through group and one-on-one counselling sessions.

The $1 million operating budget of the Commission is paid out of moneys appropriated by the Legislature.

Consultants

Actuarial consulting firms assist with the development of the investment policy guidelines, propose assumptions and perform the calculations of benefits for marriage breakdown and commuted value payments, and actuarial present value calculations for the purpose of portability agreements. Actuarial services are also required in preparing a valuation of the Plan and for cash flow projections.

Whenever required, legal consultation is provided by either the Department of Justice or private legal counsel. Legal advice provided to the Commission ensures all legal obligations are fulfilled.

The Plans' assets are measured by a third party. Reports are provided to the Commission for monitoring the performance of the Investment Manager.

Accomplishments for 1999-00

Teachers' Superannuation Plan

- Investment earnings allocated to teachers in the Teachers' Superannuation Fund were 16.07 per cent. The investment earnings allocated to members in the Voluntary Contributions Fund were 14.68 per cent.

- On January 1, 2000 a cost of living increase of 1.3 per cent was applied to all pension allowances and disability benefits.

- In the last year 4,379 pension estimates have been issued to teachers. These pension estimates are valuable tools for retirement planning.

- Approximately 8,300 teachers received Annual Statements which provided them with retirement options and projections as at June 30, 2000.
- In the last year, 72 calculations for marriage breakdowns were prepared; only 11 were used for property settlements resulting in $530,202 being transferred out of the Plan.
- In 1999-00, 20 commuted value transfers of locked-in contributions and interest were processed totalling $1.5 million.

Teachers' Group Life Insurance Plan

- The 1999-00 annual premium was $190.60 which provided $112,000 for term life insurance plus accidental death and dismemberment coverage.
- The premiums paid to the insurance carrier totalled $3.3 million of which $1.3 million was matched contributions provided by the Minister of Finance.
- The total insurance for all eligible Saskatchewan teachers was $1.8 billion.

Teachers' Dental Plan

- 39,523 dental claims were processed which cost the Government of Saskatchewan $6.1million in 2000.

Volume of Transactions

	1999-00	1998-99

Dental claims processed	39,523	35,911

 (This Page Left Blank Intentionally)

Teachers' Superannuation Plan

History

Legislation was introduced July 1, 1930 to inaugurate a superannuation plan for teachers in Saskatchewan. The plan provisions under the original *Teachers' Superannuation Act* have been significantly amended since then.

- A major milestone was in 1974 when the Teachers' Superannuation Plan became a negotiable matter as a mandatory item under *The Teacher Collective Bargaining Act, 1973*. As a negotiable item, any amendments to the Plan must first be included in a provincial bargaining agreement.

- In 1980, the Government began to address the growing unfunded liability of the Plan. In that year, the Teachers' Annuity Plan was established for those new teachers who had not previously taught in Saskatchewan, and for certain teachers who chose to transfer from the old formula plan. The Government also began to match the pension contributions of teachers.

- Effective July 1, 1984, teachers became eligible for a pension with 30 years of service, regardless of age. This has proved to be a popular retirement provision.

- Recognition for part-time service was introduced on July 1, 1990. Teachers are allocated a full month of eligibility service for each month they are employed under a part-time contract. The pension allowance is calculated utilizing the equivalent full-time salary rate.

- The assets and liabilities of the Teachers' Annuity Plan were transferred to the Saskatchewan Teachers' Federation on July 1, 1991. It is now a defined benefit plan known as the Saskatchewan Teachers Retirement Plan.

- The 1992-1994 Collective Bargaining Agreement introduced changes to the Plan, including:

  - the teacher accounts would be allotted all investment earnings of the Fund;
  - a statement of what monies constitute the Teachers' Superannuation Fund, and how monies can be withdrawn from the Fund; and,
  - provision for commuted value transfers and marriage breakdown payments.

- In November, 1995 the first 'Small Benefit Payout' was issued. A small benefit commuted value is paid in lieu of an allowance when the annual allowance is less than 2% of the Canada Pension Plan yearly maximum pensionable earnings for the year of retirement.

- In January, 1996 the Commission prepared and mailed to its members, their first Annual Statement. It provided a summary of their service record, as well as projections on what retirement income they could expect to receive from the Plan if they either terminated immediately or continued to teach at the current rate.

- In June, 1997 a new reciprocal transfer agreement was reached with the Manitoba and Ontario Teacher Pension Plans. This new agreement is based on an actuarial present value basis with common assumptions. It is hoped that this will serve as a model for a Canada-wide portability agreement.

- A customized in-house payroll system was developed and implemented in October, 1998. It results in substantial savings in administration costs for the Commission.

- Significant changes introduced in the 1997-1999 Collective Bargaining Agreement include:

  - the purchase of up to one year of service for a deferred salary leave; and,
  - teaching to a maximum of 120 days in a school year during the first year after retirement and 60 days for subsequent years without penalty.

Membership

The Teachers' Superannuation Plan has been closed since July 1, 1980. Most teachers who

began teaching prior to July 1, 1980, are participants in the Teachers' Superannuation Plan, unless an option was exercised to transfer to an annuity plan formerly operated by the Teachers' Superannuation Commission.

Participants in the Teachers' Superannuation Plan

	1999-00	1998-99 [1]
Active Members	6,016	6,444
Inactive Members	5,530	5,873
Superannuates	8,548	8,430
Disabilities	368	345
Total	20,462	21,092

All teachers who commenced teaching after June 30, 1980 became members of the Annuity Plan.

Services

The Teachers' Superannuation Plan provides lifetime retirement benefits for teachers and their survivors and dependents. The services provided by the Plan are as follows.

Age and Service Allowance

The Plan calculates an age and service allowance as 2.0 per cent of the average of the five highest years salary times years of service to a maximum of 35 years subject to Revenue Canada maximums. This pension is reduced at age 65 for CPP integration and is increased each January 1 by 80% of the increase in the Consumer Price Index.

Death Benefits

The Plan's death benefit, for a pensioned teacher or an active teacher with eight or more years of service, provides a spouse with 60% of the regular allowance plus a further 10% for each dependent child to a maximum of 25%. An active teacher's spouse or dependants have the option of taking a refund of the teacher contributions and interest rather than an allowance.

An active teacher with less than eight years of service would have a refund of contributions and interest payable to the dependant, nominee or estate. The dependant has the option to take a deferred survivor allowance.

Termination

When a teacher with more than 20 days of service terminates, contributions and interest are refundable, however, certain lock-in provisions will apply depending upon age and years of consecutive service.

Purchase of Contributory Service

Within certain restrictions, contributory service may be purchased if a teacher:

- took a sabbatical leave;
- was a study supervisor prior to teaching;
- was absent for maternity, adoption or parenting;
- attended university;
- taught out of province;
- taught in a Band controlled school;
- taught at an approved technical institute;
- taught for CUSO, CIDA, etc;
- taught with NORTEP, University of Regina or University of Saskatchewan;
- was employed by the Department of Education;
- provided military duty;
- took a 'Deferred Salary Leave'.

As well, a teacher may reinstate refunded service and transfer service under various reciprocal agreements. The purchase of contributory service follows stringent rules which are detailed in *The Teachers Superannuation and Disability Benefits Act*.

Marriage Breakdown

Effective January 1, 1992, *The Teachers Superannuation and Disability Benefits Act* was changed to allow for payments out of the Fund for the division of matrimonial property pursuant to *The Matrimonial Property Act*.

Where the member is not yet receiving a pension, the value of the division is calculated using the termination method. A lump sum of up to 50% of the commuted value may be transferred to an RRSP for the ex-spouse.

For a member in receipt of an allowance, up to 50% of the value of future allowance payments may be transferred to an RRSP for the ex-spouse. The allowance paid to the member is reduced to reflect the amount of the transfer.

Commuted Value Transfers

The Plan requires the lock-in of contributions and

[1] The 1998/99 numbers have been restated.

interest when a member has ten or more consecutive years of service. Effective July 1, 1993, the commuted value of the locked-in deferred allowance may be transferred to a locked-in RRSP.

Effective July 1, 1998, a commuted value transfer is permitted after four months during which no contributions have been made and assuming the teacher is not eligible for a pension. The transfer is subject to a minimum of teacher contributions and interest.

If a member elects a commuted value transfer, the member has no further rights or entitlement under the Teachers' Superannuation Plan and has no right of re-instatement under any provision of *The Teachers Superannuation and Disability Benefits Act*.

Pensions

The allowance payable to a teacher who retires under the Teachers' Superannuation Plan is determined by applying a formula based on years of service and highest salaries earned during any five years of service.

Allowances in 1999-00 totalled $188.9 million and were paid to 7,828 pensioners, 1,068 survivors and dependants and 387 disability recipients. From July 1, 1999 to June 30, 2000 a total of 508 new allowances were granted and 367 allowances ceased due to death or discontinued benefits. During the year, 109 individuals discontinued their benefit and opted to receive small benefit payouts totalling $309,499.

New Allowances

	1999-00	1998-99
Retirements	377	414
Disability benefits	59	67
Survivor and Dependent benefits	72	84
Total	508	565

Small Benefit Payout

Effective July 1, 1990, *The Teachers Superannuation and Disability Benefits Act* was amended to allow a member, with a minimum of one year of eligibility service, to receive a benefit from the Plan at age 65. Many of the members able to take advantage of this new clause took a refund prior to April 1, 1963. Until that time, upon taking a refund a member was required to forfeit two years of service for which contributions had been made. As the majority of these benefits are small, the Commission provides the member with a one-time commuted value payment in lieu of a monthly allowance.

In 1999-00, the Commission was responsible for calculating and awarding payments to 413 teachers, resulting in $1.9 million being paid in benefits.

Recipients of a Small Benefit Payout

Amount of Payout	No. of Teachers
Less than - $3,000	89
$3,000 - $5,000	153
Over $5,000	171
Total	413

Reciprocal Transfer Agreements

The Teachers' Superannuation Commission may enter into reciprocal pension transfer agreements with other teacher employer groups and with public sector employer groups. Agreements were in effect on June 30, 2000 between the Saskatchewan Teachers' Superannuation Commission and the following pension jurisdictions:

- provincial teacher pension authorities in:
  - British Columbia;
  - Manitoba;
  - New Brunswick;
  - Newfoundland and Labrador;
  - Nova Scotia;
  - Prince Edward Island; and,
  - Ontario.
- Province of Saskatchewan Public Service Superannuation Board and the Public Employees Pension Plan;
- Government of Canada Public Service Superannuation;
- Crown Investment Corporation of Saskatchewan;
- Province of Saskatchewan Municipal Employees' Pension Plan;
- University of Saskatchewan;

- University of Regina;
- Board of Trustees of the Evangelical Lutheran Church of Canada; and
- Board of Trustees of the Western Christian College.

Voluntary Contributions Plan

Effective December 13, 1985, a Voluntary Contributions Fund was established which allows active teachers to make additional tax deductible contributions. These funds are invested separately from the mandatory superannuation contributions.

All Fund earnings are allocated to the teacher contributors. Voluntary contributions have no effect on the level of superannuation benefits to which a teacher may be entitled as a participant in the Teachers' Superannuation Plan. Contributions made to the Plan are used in the calculation of available RRSP room.

Teachers who cease teaching or are eligible for a retirement allowance are eligible for a refund of the voluntary contributions and interest. All monies must be removed by the end of the year in which the teacher turns 69.

Teachers' Disability Benefits Plan

Disability benefits are available when a teacher is physically or mentally incapacitated and unable to teach. All payments are a charge on and payable from the General Revenue Fund of the Province of Saskatchewan, as stated in Section 38(2) of *The Teachers Superannuation and Disability Benefits Act*.

Eligibility

The Plan provides benefits based on a formula incorporating years of service and average earnings. To be eligible, a teacher must have 10 years of eligibility service of which three years are in the five years immediately preceding the disability date, be under the age of 65 and the disability continues beyond 60 days. The disability payment commences when the sick leave benefits from a school board cease.

Medical evidence is required from two physicians verifying the disability. Ongoing eligibility for benefits is confirmed by periodic medical reviews.

Teachers who are partially disabled and teaching on a part-time basis are entitled to benefits in proportion to the non-teaching time.

At age 65, a disability recipient is considered eligible for an age and service allowance and the benefit is recalculated to include any periods where the teacher was receiving a benefit from the Saskatchewan Teachers' Federation, Income Continuance Plan.

Teachers are also encouraged to apply for benefits from the Canada Pension Plan. If benefits are payable from that Plan, the amount payable by the Teachers' Superannuation Commission is reduced accordingly.

Disability Recipients

Teachers receiving a Disability payment at June 30, 1999	345
New recipients	59
Transferred to Age and Service Allowance	17
Deaths	8
Disability Discontinued	11
Teachers receiving a Disability payment at June 30, 2000	368

 (This Page Left blank Intentionally)

Investments

The assets of the Teachers' Superannuation Fund and Voluntary Contributions Fund are held in trust by Royal Trust. Greystone Capital Management Inc. is responsible for investing the funds.

The Teachers' Superannuation Commission with the assistance of the investment manager and actuarial consultant develop investment policies, strategies and objectives for each plan. This document includes a benchmark portfolio against which the performance of the investment manager is measured.

The Teachers' Superannuation Commission sets short term and long term objectives for the investment of the Fund assets. This is achieved through active management of assets. The fund manager strives to achieve a total fund rate of return 10 per cent greater than the specified benchmark portfolio.

Both Funds have a short term objective to achieve a total fund return in three out of four years of 1.0% above the 91-day T-Bill return.

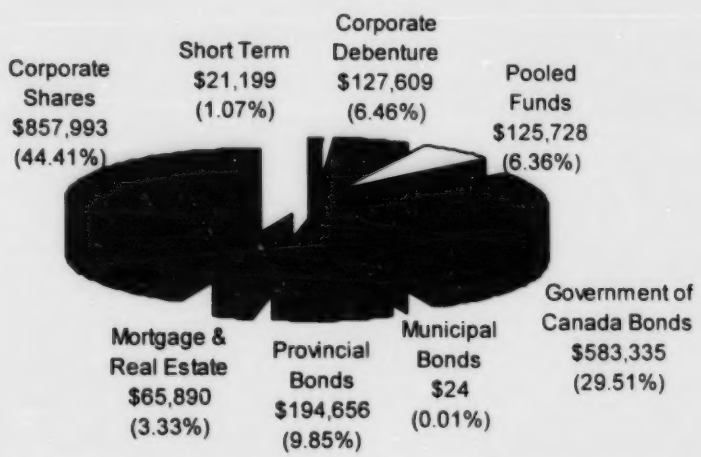
Teachers' Superannuation Fund

The long term objective is to achieve a total annual fund rate of return equal to the Consumer Price Index for Canada plus an additional 4.0 per cent. The total fund rate of return should also be in excess of the long term economic assumptions for funding the Plan.

The assets are managed within these limits:

	Minimum %	Maximum %
Canadian Equities	30	50
Foreign Equities	0	20
Bonds	30	65
Real Estate	0	7
Short Term	0	25
Mortgages	0	5

Teachers' Superannuation Fund - $1,976,434 ($000)



Corporate Shares $857,993 (44.41%)
Short Term $21,199 (1.07%)
Corporate Debenture $127,609 (6.46%)
Pooled Funds $125,728 (6.36%)
Government of Canada Bonds $583,335 (29.51%)
Municipal Bonds $24 (0.01%)
Provincial Bonds $194,656 (9.85%)
Mortgage & Real Estate $65,890 (3.33%)

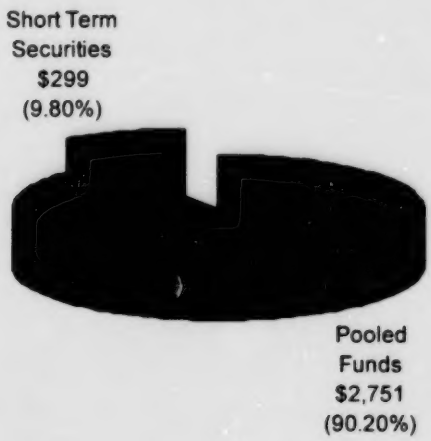
Voluntary Contributions Fund

The long term objective is to achieve a total annual fund rate of return equal to the Consumer Price Index for Canada plus an additional 2.0 per cent.

The assets are managed within these limits:

	Minimum %	Maximum %
Canadian Equities	10	50
Foreign Equities	0	20
Bonds	30	65
Short Term	0	20

Voluntary Contributions Fund - $3,050 ($000)

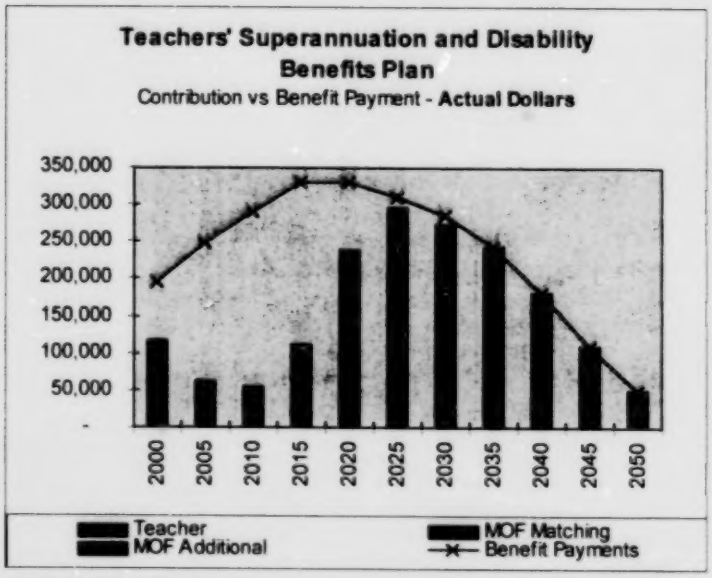


Cash Flow Forecast

Minister of Finance Obligation

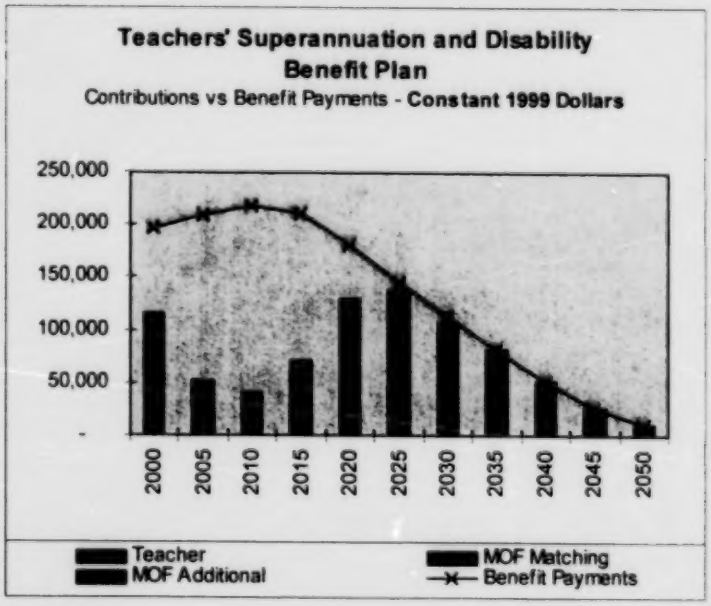
The following charts illustrate the projected future funding required from the Minister of Finance.

As illustrated in the table and charts, the Minister of Finance contributions will peak during the period 2023 to 2028. In constant 1999 dollars, Minister of Finance contributions will peak 2022 to 2027. This is based on the valuation done at June 30, 1999.



Contributions from Minister of Finance (000's)

Year	Actual Dollars
1999-2000	$97,615
2004-2005	45,315
2009-2010	48,307
2014-2015	110,461
2019-2020	237,343
2024-2025	296,329
2029-2030	273,745
2034-2035	242,981
2039-2040	180,322



Year	Constant 1999 Dollars
1999-2000	$97,615
2004-2005	40,056
2009-2010	36,390
2014-2015	70,914
2019-2020	129,851
2024-2025	138,163
2029-2030	108,771
2034-2035	82,279
2039-2040	52,037

Teachers' Group Life Insurance Plan

Program

Legislation was introduced September 1, 1960 to provide group life insurance coverage for Saskatchewan teachers. The amount of insurance coverage and the plan provisions have been considerably increased since its inception. In 1974, group life insurance became a mandatory negotiable item under *The Teacher Collective Bargaining Act, 1973* and continues as such pursuant to Section 237 of *The Education Act*. As a negotiable item, any amendments to the Teachers' Group Life Insurance Plan occur only as a result of a provincial collective bargaining agreement.

Coverage is available for:

- active teachers;
- teachers absent from work for educational reasons;
- teachers absent from work due to ill health;
- teachers absent from teaching in Saskatchewan to serve as an exchange or special teacher; and,
- superannuated teachers to age 75 unless they opt not to participate.

Coverage is also extended to certain other school board officials such as secretary-treasurers.

The insurance coverage includes an amount for accidental death and dismemberment equal to and in addition to the amount of ordinary life insurance in effect.

Superannuated teachers, age 65 to 75, have an option to maintain coverage for $14,600 on term life insurance only.

Effective January 1, 1992, a retired secretary-treasurer granted an allowance or an annuity on the grounds of age and service under the Municipal Employees' Pension Plan has the option to continue insurance coverage under the Teachers' Group Life Insurance Plan.

Administration

With the authorization of the Lieutenant Governor in Council and with the approval of the Saskatchewan Teachers' Federation, the Minister of Finance currently has an agreement with Clarica Life Insurance Company to underwrite the Teachers' Group Life Insurance Plan.

The Teachers' Superannuation Commission is responsible for administering the underwriting contract. This includes the collection and subsequent payment of premiums to the contracted life insurance company. The Minister of Finance is responsible for payment of 50 per cent of the premium required to provide each teacher the coverage as set out in the Provincial Collective Bargaining Agreement. Superannuated teachers and individuals employed within the category of secretary-treasurer are responsible for 100 per cent of the required premiums.

In 1999-00 coverage was provided for 17,249 participants.

- 13,357 teachers;
- 3,803 superannuated teachers; and,
- 89 others.

The Teachers' Life Insurance (Government Contributory) Act

Chapter T-8, R.S.S. 1978

For the years ended August 31	**2000**	**1999**
Number of insured teachers	17,249	17,391
Total amount of insurance in force	$ 1,819,488,400	$ 1,817,549,800
Premiums Paid:		
Minister of Finance	1,287,524	1,021,205
Teachers	2,028,527	$ 1,573,208
Total Premiums Paid	$ 3,316,051	$ 2,594,413
Number of Death Claims	32	48
Amount for Death Claims	$ 2,714,000	$ 4,018,400
Number of New Disability Claims	2	4
Amount for Disability Claims	492,468	429,876
Sums paid for the conversion of insurance *	20,515	6,800
The insurance company operating costs (1)	118,377	115,196
Total	$ (29,309)	$ (1,975,859)

1. Represents
   - (a) Premium tax — $ 63,887
   - (b) Administration and Risk — 51,246
   - (c) Claim expenses — 5,789
   - (d) Interest on death claims/ cash flow — (2,545)
   - Total — $ 118,377

* On termination of insurance coverage, a teacher may purchase life insurance directly from the insurance company up to and including age 65 without evidence of insurability.

Teachers' Dental Plan

Program

A dental plan was implemented effective January 1, 1986 for Saskatchewan teachers in accordance with the 1985-86 Provincial Collective Bargaining Agreement between the Boards of Education, the Government of Saskatchewan and the teachers of Saskatchewan. The Teachers' Dental Plan covers preventive, routine and major dental services for:

- teachers employed on a regular contract by a Board of Education or on a temporary contract requiring 20 occasions of teaching;
- teachers receiving disability benefits;
- dependants of eligible teachers under age 21; and,
- dependant students under age 26 who are enrolled full-time in an educational institution.

The Plan reimburses teachers a percentage of the eligible dental charges issued in the fee schedules of the College of Dental Surgeons of Saskatchewan and the Denturist Society of Saskatchewan.

Administration

The Minister of Finance, on behalf of the Government of Saskatchewan, is responsible for all the costs associated with the Teachers' Dental Plan.

The Government of Saskatchewan and the Saskatchewan Teachers' Federation have agreed to contract Clarica Life Insurance Company for payment of benefits as provided by the Plan.

May 1, 1996 the dental plan was streamlined to allow teachers to submit dental claim forms directly to the insurance carrier and minimize processing time. The Teachers' Superannuation Commission maintains and updates teacher records on-line with the insurance carrier. This process usually provides teachers with reimbursement within 5 days from receipt of the claim.

As well, dental offices are able to submit dental claims electronically to the insurance carrier. This initiative eliminates lost claims and further reduces delays in processing time.

Other benefits derived from this initiative include the establishment of a 1-800 inquiry line with the insurance carrier and reduced administrative costs of the dental plan.

The 1997-1999 Collective Bargaining Agreement provided enhancements to the dental plan. These enhancements included an increase in the reimbursement levels, eliminating the yearly maximums, the addition of 335 procedures and orthodontic coverage for dependent children.

The following volumes were experienced.

	2000	1999
Total claims processed	39,523	35,911
Cost to Government	$6,134,836	$5,812,194

 (This Page Left Blank Intentionally)

Teachers' Superannuation Commission
Management Report, 2000

The management of the Teachers' Superannuation Commission is responsible for the integrity of the accompanying financial statements and all other information in this Annual Report. In Canada, it is the responsibility of management to prepare financial statements in accordance with Canadian generally accepted accounting principles.

The integrity of the financial records from which these financial statements are prepared is largely dependent on the systems of internal accounting controls. The purpose of such systems is to provide reasonable assurance that transactions are executed in accordance with proper authorization, transactions are appropriately recorded in order to permit preparation of financial statements and assets are properly accounted for and safeguarded against loss from unauthorized use. Underlying this concept of reasonable assurance is the fact that limitations exist in any system of internal accounting controls based on the premise that the cost of such controls should not exceed the benefits derived therefrom.

The financial statements have been audited by the Provincial Auditor of Saskatchewan. The report to the Members of the Legislative Assembly, stating the scope of the examination and opinions on the financial statements, appears on the following page.

The financial statements have been examined and approved by the Commission.

J. McLaughlin

John McLaughlin
Executive Director

Norma Knuth

Norma Knuth
Accountant

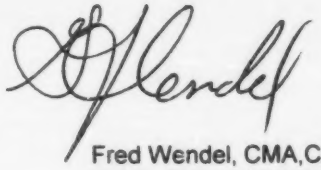
Regina, Saskatchewan
April 20, 2001

Auditor's Report
To the Members of the Legislative Assembly of Saskatchewan

I have audited the statement of net assets available for benefits and accrued pension benefits and unfunded liability of the Teachers' Superannuation Plan as at June 30, 2000 and the statement of changes in net assets available for benefits and changes in accrued pension benefit for the year then ended. The Plan's management is responsible for preparing these financial statements for Treasury Board's approval. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with Canadian generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In my opinion, these financial statements present fairly, in all material respects, the net assets available for benefits and accrued pension benefits and unfunded liability of the Plan as at June 30, 2000 and the changes in the net assets available for benefits and changes in accrued pension benefits for the year then ended in accordance with Canadian generally accepted accounting principles.



Regina, Saskatchewan
April 20, 2001

Fred Wendel, CMA,CA
Acting Provincial Auditor

Statement 1
Teachers' Superannuation Plan
Statement of Net Assets Available for Benefits and Accrued Pension Benefits and Unfunded Liability
As at June 30

	2000			1999		
	Superannuation Fund ($000)	Voluntary Contributions Fund ($000)	Total ($000)	Superannuation Fund ($000)	Voluntary Contributions Fund ($000)	Total ($000)

Accrued Pension Benefits, End of Year	$ 3,470,000	$ 3,639,000

(See accompanying notes to the financial statements)

Teachers' Superannuation Plan
Notes to the Financial Statements
For The Year Ended June 30, 2000

1. Status of the Commission

The Teachers' Superannuation Commission administers a pension plan, the Teachers' Superannuation Plan consisting of the Teachers' Superannuation Fund and the Voluntary Contributions Fund. The Teachers' Superannuation Fund is used to account for the net assets accumulated for a defined benefit final average pension plan for teachers who commenced service prior to July 1, 1980. The Voluntary Contributions Fund is a money purchase fund, used to account for the net assets accumulated for teachers' voluntary contributions.

Description of Plan

The following description is a summary only. For more complete information, reference should be made to *The Teachers Superannuation and Disability Benefits Act.*

Teachers' Superannuation Fund

a) Funding Policy

Members are required to contribute 6.05% of their salary subject to Canada Pension Plan contributions, and 7.85% on the remainder of their salary. The Department of Education appropriation pays into the Teachers' Superannuation Fund (Fund) an amount equal to the amount contributed by members. Also, the Department pays the Superannuation Fund other contributions pursuant to subsection 9(4) of *The Teachers Superannuation and Disability Benefits Act.* Section 9(4) of the Act requires the Department to yearly pay an amount by which the allowances, transfers and refunds that are paid out in that fiscal year exceed the credited contributions of members with respect to whom an allowance commences or a refund or transfer is made in that fiscal year. These amounts do not include disability benefit payments.

b) Age and Service Allowance

The annual amount of pension is determined as follows:

- 2% of the five highest years salary times years of service (maximum 35 years)
- reduced at age 65 for Canada Pension Plan integration
- increased each January 1 by 80% of the increase in the Consumer Price Index

c) Interest Credited to Contributions

As of July 1, 1994, the interest credited to contributions is an annual rate determined by the Commission to be the annual rate of return earned from the investments of the Fund in a fiscal year, compounded annually. See Note 4 for determination of investment earnings.

d) Death Benefits

When a superannuate dies, the spouse receives 60% of the allowance plus a further 10% for each dependent child to a maximum of 25%. If there is no spouse or dependent children, the nominee or estate receives a lump sum payment of the difference, if any, between the teachers' contributions and interest at retirement and the total pension paid to date.

e) Refunds

Refunds to teachers typically consist of the teacher's contributions and interest on those contributions.

Voluntary Contributions Fund

The Teachers' Superannuation Commission administers the Voluntary Contributions Fund. This Fund is continued under *The Teachers Superannuation and Disability Benefits Act*. The Voluntary Contributions Fund allows active teachers to make contributions into the Fund, according to the limits set out in *The Income Tax Act*.

The Voluntary Contributions Fund is credited with all voluntary contributions, any interest earned and any other revenue accrued from the investment of monies in the Voluntary Contributions Fund. This amount is reduced by amounts paid out of the Fund at the time the teacher makes an application for a refund. If eligible, the accumulated contributions and interest earned are paid to the teacher, the teacher's nominee or to the teacher's estate.

2. Significant Accounting Policies

The financial statements are prepared in accordance with Canadian generally accepted accounting principles. The following accounting policies are considered significant:

a) Investments

Investments in bonds and equities are recorded at market values which are determined by reference to closing year end sale prices from recognized security dealers or, in the absence of recorded sales, by reference to closing year end bid and ask prices. Transactions in bonds and equities are recorded as of the trade date.

Investments denominated in foreign currency are translated at the exchange rate in effect at year end. Investments and realized gains and/or losses are translated at the exchange rate in effect at the transaction date. Unrealized gains and losses resulting from exchange differences are included in the determination of the change in market value of investments.

Pooled funds are valued based on the quoted market price of the underlying investment; normally the current bid price.

Short-term investments are valued at cost which approximates market value.

Mortgages are recorded at fair value. Fair value is determined by discounting the present value of all income streams accruing to the mortgage. The discount rate applied to these income streams reflect the current market rate for comparable mortgages of a comparable term.

Real estate is recorded at fair value as estimated by independent appraisals.

The fair value of the investments approximates the market value.

b) Actuarial Asset Value Adjustment

The actuarial value of net assets available for benefits is determined by reference to market trends consistent with assumptions underlying the valuation of accrued pension benefits. The actuarial asset value adjustment represents the difference between the actual and management's best estimate of return on the Superannuation Fund amortized over four years. Using this adjustment, fair value remains the underlying basis for asset valuation, but fluctuations are averaged over a four-year period.

3. Investments

The investment objectives of the Plan are to ensure the Plan has sufficient assets to meet future pension

obligations and to generate sufficient cash flow to meet pension payments. Due to the long-term horizon of the Plan's liabilities, the Plan takes a long-term investment perspective. The strategy employed to achieve these objectives is to invest cash flows from contributions, maturing debentures and investment returns into assets such as Canadian and foreign equities, pooled funds, money market securities, bonds and real estate.

a) Interest Rate Risk

Interest rate risk refers to the adverse consequences of interest rate changes on the Plan's cash flows, financial position and income. This risk arises from differences in the timing and amount of cash flows related to the Plan's assets and liabilities.

The value of the Plan's assets is affected by short-term changes in nominal interest rates and equity markets.

b) Credit Risk

Credit risk arises from the potential for issuers of securities to default on their contractual obligations to the Plan. The Plan limits the credit risk by dealing with issuers that are considered to be high quality. The credit ratings used to describe the securities below are based on the Dominion Bond Rating Service and/or the Canadian Bond Rating Service.

Teachers' Superannuation Fund

The Teachers Superannuation and Disability Benefits Act and the Plan's investment policy require that all the Plan's investments comply with the provisions of *The Pension Benefits Act, 1992*. *The Pension Benefits Act, 1992* does not allow any one holding to represent more than 10% of the book value of the Plan's portfolio.

Short-term Investments

These investments are comprised of T- Bills, notes and commercial paper with effective interest rates of 5.13% to 6.28% (1999 - 4.61% to 5.04%) and a weighted average term to maturity of 151 days (1999 - 101 days). Interest is receivable at maturity.

Bonds and Debentures

The Plan's investment policy limits its investment concentration in any one investee or related group to no more than 10% of that corpcrations book value of outstanding bonds. Bonds must meet a minimum quality standard of BBB rating as measured by a recognized credit rating service or be specifically approved by the Commission.

For the Superannuation Fund, the Plan invests in bonds that are considered to be high quality as described below.

	Years to Maturity	2000 Market Value (000's)	2000 Weighted Average Yield (%)	2000 Weighted Average Coupon Rate (%)	1999 Market Value (000's)	1999 Weighted Average Yield (%)	1999 Weighted Average Coupon Rate (%)
Federal Bonds							
Government of Canada	1-5	$ 76,547	6.02	5.24	$ 149,499	5.27	5.07
	6-10	290,290	5.73	5.59	165,500	5.46	5.77

	20+	12,517	6.89	6.50	6,805	6.96	7.09
Total		$ 905,624			$ 859,268		

Actual maturity may differ from contractual maturity because certain borrowers have the right to call or prepay certain obligations with or without call or prepayment penalties.

Equities

	2000 (market values) (000's)	1999 (market values) (000's)
Common shares - Canadian	$ 666,602	$ 559,472
- Foreign	191,346	183,215
Private Equity	45	93
	$ 857,993	$ 742,780

The Plan's investment policy limits any holding to represent no more than 10% of the outstanding shares of the issuing corporation. Foreign equities and pooled funds are denominated in Canadian dollars and are limited to 25% of the cost of the portfolio. The Superannuation Fund's equities include common shares that have no fixed maturity date and are generally not exposed to interest rate risk. Dividends are generally declared on a quarterly basis. The average effective dividend rate during the year was 2.83 % (1999 - 1.69%).

Pooled Funds

The Superannuation Fund holds units in pooled funds which have no fixed interest rate and its returns are based on the success of the manager.

The Teachers' Superannuation Fund unit holdings are:

	Units Held		% of Total Units Outstanding		Market Value		Investment Income and Change in Market Value	
	2000	1999	2000	1999	2000	1999	2000	1999
	(000's)				($000's)		($000's)	
Greystone Emerging Market Fund	1,849	1,972	21.94	21.12	$ 19,834	$ 18,143	$ 3,891	$ 1,471
Greystone Non North American Fund	6,561	6,617	13.31	13.75	105,894	94,550	21,245	3,044
					$ 125,728	$ 112,693	$ 25,136	$ 4,515

Mortgages

Investment in mortgages consist of Canadian properties. The net yield at the time of commitment is expected to exceed the yield on "A" rated bonds of similar terms by a minimum of 1.5% after administration fees. Principal and interest are received on a monthly basis.

Real Estate

Investments in real estate consist of Canadian property and are subject to approval by the Commission before each acquisition. Included in real estate are investments in related real estate corporations (see Note 6 c).

Voluntary Contributions Fund

Pooled Funds

The Voluntary Contributions Fund holds units in pooled funds which have no fixed interest rate and its returns are based on the success of the manager.

The Voluntary Contributions Fund unit holdings are:

	Units Held		% of Total Units Outstanding		Market Value		Investment Income and Change in Market Value	
	2000	1999	2000	1999	2000	1999	2000	1999
	(000's)				($000's)		($000's)	
Greystone Canadian Fixed Income Fund	156	149	2.49	3.18	$ 1,534	$ 1,430	$ 74	$ 44
Greystone Canadian Equity Fund	48	49	1.95	3.92	930	708	282	(121)
Greystone Capital Non North American Fund	9	11	.02	0.02	138	162	38	24
Greystone US Equities Pooled Fund	11	10	.54	2.55	149	145	(7)	48
					$ 2,751	$ 2,445	$ 387	$ (5)

4. Teachers' Superannuation Fund - Determination of Investment Earnings for Administrative Purposes

The Commission determines investment earnings of the Superannuation Fund in order to establish what interest must be credited to teachers, and what interest teachers must pay when purchasing past service. The Commission has determined that only 25% of the current period change in market values of investments (includes both realized and unrealized gains and losses) will be recognized as part of investment earnings. The remaining 75% will be recognized equally over the following three years as part of investment earnings. Interest and dividend income less investment expenses are fully allocated for the current year.

5. Voluntary Contributions Fund - Earnings Allocation to Members

The Commission allocates all realized and unrealized gains/losses at year-end. During the year, the Commission allocated investment earnings of $392,883 to teacher accounts (1999 - $72,110).

6. Related Party Transactions

These financial statements include transactions with related parties. The Plan is related to all Saskatchewan Crown agencies such as departments, corporations, boards and commissions under the common control of the Government of Saskatchewan. Also the Commission is related to non-Crown enterprises that the Government jointly controls or significantly influences.

a) Administration

In accordance with *The Teachers Superannuation and Disability Benefits Act* (Act), all expenses of the administration of the Act are paid out of monies appropriated from the General Revenue Fund to the Department of Education by the Legislature. Accordingly, no provision for these costs is included in these financial statements.

Expenses related to managing, investing or disposing of assets of the Teachers' Superannuation Fund and the Voluntary Contributions Fund are to be paid out of both Funds. The annual expenses for custodial fees and investment management fees are paid to Royal Trust and Greystone Capital Management Inc. respectively.

	2000			1999		
	Superannuation Fund	Voluntary Contributions Fund	Total	Superannuation Fund	Voluntary Contributions Fund	Total
	($000)	($000)	($000)	($000)	($000)	($000)
Custodial fees	$ 132	$ 7	$ 139	$ 283	$ 9	$ 292
Investment fees	2,041	3	2,044	1,654	3	1,657
	$ 2,173	$ 10	$ 2,183	$ 1,937	$ 12	$ 1,949

b) Investment Management Services

Greystone Capital Management Inc. (GCMI) provides investment management services to the Teachers' Superannuation Fund and the Voluntary Contributions Fund on a fee-for-service basis. The Superannuation Fund is a shareholder in GCMI. The Superannuation Fund holds 223,811 common shares (1999 – 223,811 common shares), 14.5% of the total shares outstanding in GCMI (1999 – 16.1%).

c) Investment Holdings

Teachers' Superannuation Fund

Included in the totals for bonds and debentures and income are Province of Saskatchewan holdings of $10,977,459 (1999 - $11,508,610) and income including change in market value totalling $280,550 (1999 - $4,329,380).

Included in the total real estate investment at year end are SaskPen Properties Ltd., SP Two Properties Ltd. and SaskMet Properties Ltd. holdings totalling $4,183,328 (1999 - $4,459,569). Also income of $174,996 (1999 - income of $266,443) on these properties is included in change in market value of investments. These are real estate corporations owned by Government of Saskatchewan managed public sector pension plans.

Other transactions with related parties and the terms of settlement are described separately in the financial statements and the notes thereto.

7. Actuarial Valuation - Pension Benefits

The present value of accrued pension benefits was determined using the projected benefit method pro rated on services and the best estimate assumptions of the Teachers' Superannuation Commission. An actuarial valuation of the Teachers' Superannuation Fund was prepared by William M. Mercer Limited as at June 30, 1999, and an extrapolation was made to June 30, 2000. In the prior year an extrapolation was made to June 30, 1999 from an actuarial valuation as at June 30, 1997 by William M. Mercer Limited.

The pension liability is based on a number of assumptions about future events including interest, rate of salary increase, inflation, mortality, retirement rates and termination rates. The actual rates may vary significantly from the long-term assumptions used.

The assumptions used in determining the actuarial value of accrued pension benefits were:

- inflation at 2.0% for 2000 and 2001, and 3.25% thereafter.
- salary increases at 2.0% for 2000, 2.5% for 2001, and 3.75% thereafter.
- interest rate at 7.0% for 2000 and 2001 and 7.25% thereafter.

The following illustrates the effect of changing certain assumptions from the assumed rates of salary 3.75%, interest 7.25% and inflation 3.25%. For the salary and interest rate categories, the changes in assumption are independent of one another. The inflation category, however, is affected by other assumptions that have an interest component. In the scenario of the 1% reduction in inflation, the assumptions for the interest rate, salary increase, YPME and Canada Customs and Revenue Agency pension maximum are also reduced by 1%.

	Long-term Assumptions					
	Salary		Interest Rates		Inflation	
Effect on Liability	2.75%	4.75%	6.25%	8.25%	2.25%	4.25%
(Decrease) increase (in 000's)	$(32,636)	$35,983	$384,609	$(369,605)	$95,412	$(88,417)

For the June 30, 1999 valuation, extrapolated to June 30, 2000, the mortality and retirement age assumptions were changed to better reflect experience being observed in the Superannuation Fund. These changes in the actuarial assumptions resulted in a decrease in accrued pension benefits of $198 million.

Experience gains of $67 million arose from differences between the actual and expected experience of termination, retirement and mortality. Also, the pensioner increase for inflation indexing was lower than expected.

8. Investment Performance

The following is a summary of the Plan's investment performance:

	2000	Rolling Four Year Average Annual Return
Teachers' Superannuation Fund (a)	16.4%	16.1%
Target Rate of Return (b)	21.34%	16.7%
Voluntary Contributions Fund (a)	14.9%	14.3%
Target Rate of Return (b)	18.6%	14.4%

(a) The annual returns are before deducting investment expenses.
(b) The Commission's target rate of return for its investment portfolio (return on the benchmark portfolio plus 10%) has been determined, after the fact, using the actual returns of the market indexes outlined above.

9. Due From General Revenue Fund

The Teachers' Superannuation Fund and the Voluntary Contributions Fund bank accounts are included in the Consolidated Offset Bank Concentration (COBC) arrangement for the Government of Saskatchewan. Under this arrangement, interest is calculated on the net position of all COBC accounts and is paid by the bank into the General Revenue Fund.

The Funds' share of this interest is allocated and paid by the General Revenue Fund on a quarterly basis into the Funds' bank accounts using the Government's thirty-day borrowing rate. The Government's average thirty day borrowing rate in 1999-2000 was 4.99%.

10. Disability Benefits

The annual amount of disability benefits is determined by applying the regular allowance formula and is payable to a teacher who:

a) is disabled because of total physical or mental incapacity for teaching; and
b) has 10 years of service; and
c) has at least three years of service in the five years preceding disablement; and
d) has not attained age 65.

Payments may be discontinued or reduced on recovery or re-employment. The allowance is recalculated at age 65 to include service while on the Saskatchewan Teachers' Federation Income Continuance Plan.

Subsection 38(2) of *The Teachers Superannuation and Disability Benefits Act* states the disability benefits are a charge on and payable out of the General Revenue Fund. The $8,924,437 (1999 - $8,019,099) in disability benefits flowed through the Teachers' Superannuation Fund for administrative purposes only and is not reflected in these financial statements. The Department of Education provided contributions equal to the disability benefits.

Disability Benefits - Actuarial Valuation

The present value of accrued disability benefits was determined using the projected benefit method pro rated on services and the best estimate assumptions approved by the Teachers' Superannuation Commission. An actuarial valuation of the Teachers' Disability Benefits was prepared by William M. Mercer Limited as at June 30, 1999, and an extrapolation was made to June 30, 2000. In the prior year an extrapolation was made to June 30, 1999 from an actuarial valuation as at June 30, 1997 by William M. Mercer Limited.

The actuarial present value of benefits as at June 30 and the principle components of change in actuarial present values during the year were as follows:

	2000 (000's)	1999 (000's)
Actuarial present value of accrued disability benefits at beginning of year	$ 66,000	$ 69,000
Interest accrued on benefits	5,000	5,000
Experience gains	6,000	--
Benefits accrued	1,000	1,000
Benefits paid	(9,000)	(8,000)
Change in valuation assumptions	1,000	(1,000)
Actuarial present value of accrued disability benefits, end of year	70,000	66,000
Net assets available for benefits	--	--
Unfunded liability	$ 70,000	$ 66,000

The disability liability is based on a number of assumptions about future events, including interest, rate of salary increase, inflation, mortaiity, retirement rates and termination rates. The actual rates may vary significantly from the long-term assumptions used.

The assumptions used in determining the actuarial value of accrued disability benefits were the same as for determining the accrued pension benefits (see Note 7).

The following illustrates the effect of changing certain assumptions from the assumed rates of salary 3.75%, interest 7.25% and inflation 3.25%.

	Long-term Assumptions					
	Salary		Interest Rates		Inflation	
Effect on Liability	2.75%	4.75%	6.25%	8.25%	2.25%	4.25%
(Decrease) increase (in 000's)	$ (373)	$ 421	$ 4,541	$ (4,788)	$ 1,534	$ (1,441)

The disability liability is long-term in nature. The Plan has no intention of settling its disability obligation in the near term and there is no market for settling its disability obligations. Therefore, determination of the fair value for the disability liability is not practical.

11. Cash Flow Forecast

The total cash inflow is the amount of contributions and investment income and proceeds from the sale of investments expected to be received by the pension plan. The Department of Education (Department) contributions include matching contributions and additional amounts contributed pursuant to subsection 9(4) of *The Teachers Superannuation and Disability Benefits Act*. The total cash outflow is the amount required to pay all pension obligations. The forecast of cash inflows and outflows have been determined using the long-term assumptions outlined in Note 7. All amounts shown are based on actual dollar forecasts.

The cash required is the amount by which the cash outflows exceed cash inflows and is forecast to the year 2030:

Year	Cash Inflows: Investment Income (000's)	Cash Inflows: Teachers Contributions (000's)	Cash Inflows: Department Contributions (000's)	Cash Outflows (000's)	Cash Required/ (Surplus) (000's)
2000-2001	$ 202,945	$ 17,658	$ 52,578	$ 201,857	$ (71,324)
2001-2002	162,575	16,602	52,086	208,032	(23,231)
2002-2003	176,706	15,435	52,996	216,567	(28,570)
2003-2004	139,401	14,339	53,273	226,390	19,377
2004-2005	138,550	13,157	45,315	237,201	40,179
Total within 5 years	$ 820,177	$ 77,191	$ 256,248	$ 1,090,047	$ (63,569)
Total 6 - 10 years	$ 637,149	$ 45,277	$ 238,149	$ 1,345,174	$ 424,599
Total 11 - 30 years	$ 737,812	$ 16,892	$ 4,148,521	$ 6,328,370	$ 1,425,145

12. Fair Value

The following methods and assumptions were used to estimate the fair value of each class of financial assets and financial liabilities:
For the following financial instruments including:

a) due from General Revenue Fund
b) accrued investment income
c) contributions receivable
d) accounts payable
e) bank overdraft

the cost approximates the fair value due to their immediate or short-term maturity.

The fair values of investments are considered to be market value.

The pension liability is long-term in nature. The Plan has no intention of settling its pension obligations in the near term and there is no market for settling the pension obligations. Therefore, determination of the fair value for the pension liability is not practical.

13. Comparative Figures

Certain comparative figures have been restated to conform with the current year's presentation.
